All trustees and volunteers who work with Rainbows4children in any capacity are unpaid and volunteer their time, free of charge or salary.

**Current financial position, Rainbows4children**

Our current funds, across all bank accounts in the UK and Switzerland, amount to a total of CHF1.27 million. Although this significantly exceeds our target reserve level of CHF400,000, it has to be taken in the context of the current situation in which all the school running costs have to be supported solely by Rainbows4children until the time comes when the school can generate fee income again from the parents and the local community. We anticipate that this will take at least 2 years after the end of the war.

**End of year balances\***

The end of year (2021) balance for Rainbows4children Stiftung, was CHF 937,000 across bank accounts in 3 currencies: CHF, USD, EUR.

The end of year (2021) balance for Rainbows4children (UK) Trust, was GBP 259,000

\*Note to balances: Due to the ongoing war in the Tigray region of Ethiopia and the blockade of banking by the Ethiopian government, it has been very difficult to get funds to the school to pay staff, and many services have not been provided. Staff tax and pension contributions have also not been paid. This represents a liability of about CHF80,000 at the end of 2021.

Income (school fees) cannot be collected from the families of students as they have no money.

Rainbows4children will have to fully support the school for the next several years (probably for at least 2 years after the war ends). The full running cost budget for a school year is approximately CHF 500,000.
